## We help you put Everything in Its Place.

---

Storage Systems Unlimited is your **One-Stop Shop** for storage-related products for every healthcare application, including carts, shelving, workstations, cabinets, plastic products, stainless steel and more.

Based in Franklin, Tenn., Storage Systems has over four decades of healthcare experience serving clients across the United States. Our approach of **products, planning, design** and **installation services** removes the challenge of having to work through multiple manufacturers. Because we work with **dozens of industry manufacturers** and are **contracted with multiple group purchasing organizations**, we can provide the best possible pricing on the best possible products to meet your needs – all in one order.

Our trained and experienced staff can help with product fill-ins, new construction, expansions and renovations on any size job. Storage Systems provides daily project management on every job and quick access to project managers, installation coordinators and customer service personnel. We offer on-site evaluation at the beginning of every job, at no charge, and we work directly with all involved parties to ensure the design, including CAD, adheres to strict engineering and government codes.

**Contact us at 1-888-614-0004  
or visit [storagesystemsul.com](http://storagesystemsul.com)  
to learn more or request a quote.**

# KEEPING STAFF, PATIENTS AND VISITORS Safe and Healthy

The COVID-19 pandemic has created additional demand for isolation, infection prevention, and personal protective equipment. Storage Systems offers these and many other products to combat the spread of COVID-19 and other viruses.
