

# HEALTHCARE

## YOUR ONE-STOP SHOP FOR STORAGE-RELATED PRODUCTS!

With four decades of healthcare industry experience, Storage Systems Unlimited is your One-Stop Shop for storage-related products used throughout your facility.

### We offer:

**PRODUCTS:** We offer thousands of storage-related products like shelving, carts, cabinets, lockers, workstations and more! We are able to offer the best possible pricing from dozens of leading industry manufacturers.

**PLANNING & DESIGN:** We can provide planning and design services to meet strict engineering and government codes on product add-ons, renovations, expansions, new facilities and more.

**INSTALLATION:** We have licensed and bonded installers to properly assemble and install every product we sell. Our team will receive the products, unbox, assemble, install and even haul away the trash when we finish.

**PROJECT MANAGEMENT:** We coordinate every project from start to finish - on time and on budget – with thorough communication throughout the process with the buyer, contractor and end user.

Storage Systems works on projects of all sizes across the United States, giving customers quick access to our customer service, installation and project management teams.
